

Eccentricks Vol 3. Charlie Frye - video DOWNLOAD

Once again, you are cordially invited to join Charlie Frye for another amazing journey into the eccentric world of the professional funnyman.

On this installment, the time-honored art of **CARD MANIPULATION** gets the **ECCENTRICK** treatment, with a challenging yet practical approach to this sleight of hand favorite.

Also included are novel routines with the **BALL VASE**, and **RING & ROPE**, which continue the **ECCENTRICK** tradition of combining humor with highly visual entertainment.

You'll also find a wide range of showy moves, impressive stunts, and professional **JUGGLING GAGS** that are both fun to watch and fun to do. Even the **THREE CARD MONTE** gets a novel variation in a routine that seamlessly combines both juggling and magic.

Besides material for stage and parlor, there's a flourished version of **MACDONALD'S ACES** which contains a psychological twist and several eye-popping moves for close-up work.

For all those who enjoy blending novelty with mystery, and the sublime with the absurd, **ECCENTRICKS THREE** is the trick artist's ace in the hole.
