

The Controls Project by Big Blind Media video DOWNLOAD

Being able to secretly control a spectator's chosen card to any position of the pack is an essential skill for EVERY magician.

On 'The Controls Project' you'll learn 26 devastating and deceptive techniques, ranging from the simple to the sophisticated. These skills will leave you armed to covertly move playing cards to literally ANY position in the pack you desire. The included material will provide insight and fundamental lessons for everyone from beginners to working professionals alike.

As with the other titles in our Sleights series, 'The Controls Project' features the acclaimed and concise teaching of Liam Montier, who covers not only the technical aspects of these deceptive moves, but also important theory on how to make your sleights truly invisible, how to practice, what to do in emergencies and much more.
