

Psychic Belly Button Reading & Navel Gazing Mentalism Cold Reading eBook DOWNLOAD

Within the 87, truly information packed large format (A4) pages of this eBook, Jonathan Royle will reveal to you all of his tried, tested and proven to work, commercial, real world insider secrets of psychic belly button reading, healing and mind reading.

So called "navel gazing" has seen Royle featured on television and radio shows around the world at regular intervals over the past 20+ years, and along with dozens of major newspaper and magazine features where he has successfully predicted future events for many A-list celebrities, the publicity that he has obtained from "navel-gazing" has been worth it's weight in gold many times over.

By studying this manual you may be able to obtain the same kind of regular feature publicity for your acts, talents and shows and also may be able to enjoy meeting major celebrities as you place your finger into their belly button to give them a psychic reading.

Not only are you taught cutting edge "cold reading" techniques that frankly can be successfully applied to any kind of reading from Tarot and palmistry to tea leaves and Astrology, but also you'll discover Royle's patter and gags which he works into his interviews, routines and performances.

As well as the psychic reading element, you will also learn how to perform various "psychic healing" demonstrations and several feature "mind reading via the belly button" routines.

Indeed there is enough material inside this manual to structure and perform a complete belly button themed psychic mentalism show.

The psychological techniques, unique cold reading methods and out of the box thinking you will encounter and learn from this book will without doubt prove invaluable to all publicity and success seeking performers.
