

Spread Change by Magic Encarta video DOWNLOAD

Spread Change is a brilliant color change from the mind of Vivek Singhi. A playing card held in a card spread changes instantly, without any cover. An incredibly visual sleight-of-hand movement with countless applications. First released in 2014 as a single-color change, the effect has since been upgraded with better handling and 2 bonus moves. Taught in 19 minutes of detailed instruction.

You'll love performing **Spread Change** - it looks magical and will amaze your audience!
