

Dead or Alive by Sandro Loporcaro video DOWNLOAD

Show several razor blades to your audience, and show that they are apparently very sharp. The audience sees you place these blades, one at a time, in your mouth. It appears that you are actually ingesting them! Afterwards, you show your mouth as being completely empty!

This is a perfect opener before you perform the classic effect, Threaded Razor Blades From Mouth.

Can be performed in street magic, a restaurant, or even as a fakir demonstration.
