

UBT (Underground Bottom Tear) by Dustin Dean eBook DOWNLOAD

One of the easiest and most natural tears you will ever learn!

For more than two years, Dustin Dean has been using this practical tear to perform powerful and direct mentalism. For a long time, he has kept this completely to himself, but now he's ready to share this with all of you!

Imagine a tear where, in just two simple tears, you get your peek and the dirty work is done.

Imagine a tear where you can show all sides of the paper as you tear -- no heat is on you because the participant sees exactly what you see. Yet, you are easily able to peek at 50% of the entire paper!

Imagine a tear that is incredibly easy yet very powerful and clean. This isn't one of those complicated tears with lots of steps. This is a tear for magicians, mentalists, hobbyists, beginners, and professionals!

Everyone wants to be able to read minds, and everyone wants to do it cleanly, quickly, and easily. The **UBT** is arguably one of the best ways to accomplish those goals.

Don't just take my word for it. See what others are saying about the UBT!

"Very nice; I like it!"

- Millard Longman

"From all of the real-time peek CT's I have seen, this is probably my favorite and it's very natural-looking!"

- Titanas

"Good job my friend!"

- Luca Volpe

"I know how it feels to tear thousands of business cards, honing the moves, coming up with a twist and a turn, and I know how great you must feel right now so congrats. Good work Dustin!"

- Ran Pink

"The mechanics are beautiful. I look forward to further developments of your project! And again, I truly am honored you included me in the fold. (ha!)"

- Dr. Spektor (Magic Cafe)

"Well, here we have a new CT. For those that are on the look-out for a new version, then this will gladly fit into your arsenal. It's easy to do and easy to learn. It's definitely worth a look."

- Greg Arce

"Looks great. Thanks so much for sharing."

- Banachek

"You guys aren't ready for this. Simply one of the finest center tears I've (n)ever seen."

- Sasha Crespi

"Your center tear is a really interesting oddity. This is going straight into my work."

- Jakob Michaels

"Woooooooooooooow, freaking awesome!"

- Andreu

"The peek is inherently VERY natural. I love it actually, and I have gone through about 100 cards so far playing with it. Kudos, and you definitely have my vote. I am very grateful that you shared it with me."

- Robert "Red Devil" Cosley

"The idea behind this is terrific and the execution seems quite intuitive. This is definitely a bold and new evolution in instant access tears."

- Oz Pearlman

Included in this eBook are two full-fledged bonus routines and an invitation to a private Facebook group to discuss further ideas and tips! Add **UBT** to your arsenal!
