Internationally renowned for his streamlined and practical approach to card and close-up magic, we are proud to welcome **John Carey** for an **At The Table** lecture like no other! Having published 3 critically acclaimed books, *Crafted with Carey*, *Minimalistica*, and his most recent work, *The Carey Files*, John's work is in the repertoires of working magicians around the world. In addition, he has released a myriad of DVDs which are sold in magic shops everywhere. If you want powerful and memorable close-up magic that won't bust your knuckles but will leave a lasting impression, join us as **John Carey** delivers all the goods here **At The Table!** Here's what you'll learn:

Triple Inpurseination: A beautiful opening effect. Triple Spellbound meets Coins To Purse!

Whispering Ambitions: A powerful combination of the classic Whispering Cards premise and the Ambitious Card. Simple, strong, and practical.

YAFAP!: An interactive 4 Ace production built around the premise of the past, present and future.

Your Cards Are My Cards: Carey's favorite approach to the classic Last Trick of Dr. Daley.

Kaleidoscope: An almost self-working color-changing cards effect with immediate reset. Perfect for walk around!

Think as I Think: The classic Do As I Do effect but with thought-of cards? Yes, that's right!

Ambitious O'Henry: A beautiful small packet rendition of the Ambitious Card with a knockout off balance transposition.

Little Vernon: Carey's minimalistic approach to Dai Vernon's Out of Sight Out of Mind. A killer thought-of card discovery!

Slow Motion Oil and Water: A visually stunning rendition of this classic plot culminating in a slow-motion finale. You will love this!

Think n Sync: Want a reputation maker? Look no further. Another diabolical thought-of card effect where the magician and the spectator's thoughts combine. Did we tell you it is self-working?

A Mystery in Time: We finish with one of the strongest versions of the Mystery Card plot you will see! Quite simply a beautiful routine.
