

Jumping Card Pro by Brancato Mauro Merlino (magie di merlino) video DOWNLOAD

An improved version of an old classic. A freely chosen card is mixed in the deck. Half of the deck is selected and placed in the box. A magic gesture and the chosen card comes out of the box. The deck is examinable.

- No forcing
- No duplicates
- No magnets
- No gimmicked cards

Spectators go crazy when they see their actual signed card rise from the box!
Very easy to do.
