

## Sm'ash' by Sandeep video DOWNLOAD

Looking for a powerful way to reveal a prediction? This is very strong, since it happens on the spectator's own hand - they freak out!

**Sm'ash'** is an effect where you reveal a spectator's card selection by rubbing ash on their hand. Imagine doing a voodoo ash trick on a spectator's hand. With this gimmick, you are able to do just that. It is easy to construct and use. Once you learn the method, you can develop your own variations.

Things to Consider:

- Easy to create and use
- Use any colored powder in place of ash
