

Z - Matrix (Impossible One Hand Matrix) by Ziv video DOWNLOAD

A fast, easy to do, impossible matrix routine from Ziv. You're not hiding the coins under any cards - in fact, there are no cards at all! Amazingly, this all occurs using only ONE hand and it happens FAST! Spectators won't believe their eyes as the coins assemble and return to their positions.

BONUS:

Includes bonus routine Z - SPELLBOUND, whereby coins impossibly vanish, reappear, and turn into other coins. Incredible!

This **Z - Matrix** video download includes both routines and detailed teaching instruction from Ziv.
