

## **STATIC by Alex Angell video DOWNLOAD**

**STATIC**, the first creation of Alex Angell, is a unique, new variation on the Rising Card effect. The spectator chooses any card they desire and sign it. This card is then placed back inside of the deck, and the cards are shuffled. They are then returned to the box, and with just a snap from you or the spectator, the card box magically shoots open and their signed card rises out from the box! The spectator's signed card can be immediately handed out and inspected. This tutorial will explain how to make all of the gimmicks, to ensure you will perform **STATIC** with confidence and ease.

- 100% Practical and easy to do!
- Easy and inexpensive to make!

Want to amaze and excite your spectators? Get **STATIC** today!
