

EXPOSURE by Arnel Renegado video DOWNLOAD

An eerie and wonderful effect - a great way to reveal a spectator's card!

A spectator selects a card and places it in the deck. You try to find their card, but it is the wrong one. All is not lost! You heat your "wrong" card with a lighter or candle. Slowly a white image appears on the back of the card, and forms into the spectator's selection!

Wait for the screams of astonishment!

By viewing this video download of **EXPOSURE**, you will learn how to perform this amazing piece of magic.
