

iChange by JasSher Singh video DOWNLOAD

iChange is a super awesome effect! It's easy to do and easy to perform - anywhere, anytime.

As you'll see on this video, you cover up a face-up card with another card, and the impossible happens - the halves of your face-up card are different cards! At the end, you can show the fronts and backs to be normal! This really looks magical, and will astound your audience!

On this video download, you will learn:

- Card change
- Color change
- Predictions
- Reveal any card or number

iChange has over 20 minutes of instruction, giving you endless possibilities for brand new effects!
