

EXOPALM the Shuriken Change by Saysevent video DOWNLOAD

An extremely instantaneous, visual card change that looks as though you're throwing a dagger. Usually, to execute a card change, we have to cover the part to be changed. **EXOPALM** is a visible change because it occurs without any cover!

- Easy to follow along
- Explanation is brief and to-the-point
- In addition to a card change, this can also be used for a steal, double lift, card control and more.
