

Target Practice by Rory Adams video DOWNLOAD

This is wild!

An impossible and hyper-visual Linking Rubber Band routine! One rubber band is shot at the single band held in the other hand. They miraculously link and can be immediately handed out for examination!

You read that correctly. SHOOT a rubber band at another and they instantly link - WOW!

The **Target Practice** video download will teach you how to knock people out with this one!

- Easy to do
- Fast reset
- Hyper visual
- 100 percent examinable
