A Miracle to Behold!

After tearing off the corner of a playing card, the magician waves his/her hand where the corner used to be. Lo and behold, the card moves in all directions, always under the magician's control. Looks breathtaking!

"Lubor Fiedler has created a supernatural floating corner trick. For a long time, I was looking for a way to do it.

"No Thread. No Magnet. Only a card is needed to perform this mystery.

"Now here is it, I hope you enjoy it."
