

## **Magic Encarta Presents BLOW by Vivek Singhi video DOWNLOAD**

A new take on the classic Haunted Pack. In this effect, the deck splits and spins exactly to find your spectator's selection. It's dead on, 100% perfect every time.

A card is freely selected, signed, and returned to the pack. The deck is never touched after that. The spectator or the performer blows on the deck. Amazingly, the deck splits and top portion of the pack starts to slowly spin, cleanly cutting itself exactly at the location of the spectator's signed card!!!

In close to 30 minutes of teaching, Vivek Singhi reveals the nuances and techniques that truly make this effect a jaw dropper, including both gimmick and non-gimmick handlings, both of which are COMPLETELY ANGLE PROOF and EASY.

This is a "perform anywhere-anytime" miracle that will literally BLOW your spectator's minds.

PS: The gimmick version utilizes no threads, magnets, card forcing or any rough smooth principle -- and it is completely angle proof!!! Learn it now and start BLOWING your audience away!
