The Big Stack by Jason Ladanye video DOWNLOAD

The Big Stack is a gambling demo that will bring the house down.

The performer shuffles the deck twice and, despite that fairness, deals himself the four Queens. Even though the shuffles appeared to be random, his opponent ends up with the four Kings. Not to worry! When the performer shows his hand again, it has amazingly turned into the four Aces!

Learn from this video download and your audience will be impressed with your gambling skills!
