

3X3 by Mario Tarasini - Video - DOWNLOAD

In this download, you will learn three effects using three cards from the mind of Mario Tarasini. They are:

- HAUNTED - A card eerily moves away from a packet on its own!
- STRETCHING - A card grows in size! You can push it from the top and the bottom, and it moves along with your hands - looks great!
- CHANGE - A card instantly changes into a blank card!

This is **3X3**.

(Additional supplies may need to be purchased to perform this effect.)

Download the video and begin learning!
