A self-working Packet Trick that combines magic and mentalism for a KILLER ending!

Imagine this --

10 cards are shown to a spectator -- they mentally select ANY card.

You make a prediction and then ask the spectator what card they are merely thinking of.

You lay the cards out one by one and their selection is missing! For the KILLER ending, when you turn over your prediction, it is completely BLANK.

- Very easy to do
- No sleight of hand
- Self-working
- Resets in seconds
- Can be a different outcome each time
