

Pad Mark by Arnel Renegado - Video - DOWNLOAD

Welcome to **Pad Mark** -- a gimmick that allows you to visually penetrate and move a **Pad Mark** (similar to a book mark) right to a page indicating the spectator's selected card.

The spectator selects a card and it gets lost in the deck. You then introduce a pad with a lace marker. After a little shake, the lace marker penetrates into every layer of the pad, and lands right on a page indicating the spectator's selected card.

- CAN BE USED FOR BOOKS AS WELL
