

U.T. by Sultan Orazaly - Video - DOWNLOAD

U.T. is the very visual transformation of a card into a box.

Imagine the viewer selects a card then you take out the box from under the cards and take out card and with one wave of your hand the card turns into a candy box you open it and there is the viewer's card!

ANGLES 180

Note: Additional supplies may need to be purchased to perform this effect.
