

The Vault - Boderica by Danny Urbanus - Video - DOWNLOAD

This is **Boderica** my take on the rising card effect. This is an easy rising card effect you can do anytime, anywhere. With this very easy to make gimmick you can perform this effect even with a borrowed deck of cards.

You will start and end clean and can be done with any deck!

The gimmick is easy to make and the supplies you will probably have at your house.

It is very reliable and is under your complete control.

So make the gimmick and have fun performing **Boderica**
