

CIGARETTE REFILL by Bobonaro - Video - DOWNLOAD

CIGARETTE REFILL is a very visual way to make empty cigarette packs into contents again, can be done anywhere and anytime because the method is very simple. (imagine how magical it's from the empty wrapper to the contents again)

A very detailed tutorial on how to make gimmicks and materials is very easy to get.

- No magnet
- No string
- No black art
- Examinable cigarette

So what are you waiting for, download the video immediately.
