

Mario Tarasini presents Burmese Change by Zaw Shinn - Video - DOWNLOAD

Burmese Change is one of the smartest tricks I've ever seen.

Spectator signs on the card and puts it in to the deck.

The magician takes a random card and the card changes two times in to different cards...

And the third change is when a random card changes in to the card signed by spectator!

After the trick, the card can be given to the spectator as a souvenir.

Additional supplies may need to be purchased in order to perform this effect.
