

## Add-iction by Vinny Sagoo - Video - DOWNLOAD

A Superb self-working effect that will leave your spectators in AWE!

After the deck is shuffled by the magician, the spectator is asked to select three cards and then ADD up their total.

Say that the total is fifteen, the magician then deals down to the fifteenth card.

When it is turned over, it MATCHES your prediction exactly, that has been in view the whole time!

If that's not enough, when the deck is turned over, it is completely BLANK!

- Everything is examinable
- Easy to do
- No math
- No sticky stuff
- No rough & smooth.
