No "TRICKS" in this download. You will learn, instead, all my methods and subtilis, learn in years of practice, in what I consider much more important than single tricks:

- YOUR ART NAME: it won't be forgotten any more if You show it appearing on your clothes using one of the 4 methods, You'll learn in the download
- CARD TRICKS and DECKS inspired to you art name
- THE PROFESSIONAL PRESENTATION of Your show which must clearly reveal:
 - what kind of performing art you're going to exhibit;
 - You art name; and must induce Your audience to make their first, big, applause.

We'll analyze in details the use of a dossier containing the presentation text (4 examples shared for 4 different kind of magic You can perform): who has to read it? Which are its characteristics?

- THE AUTO PRESENTATION: You'll be the presenter of yourself! (they'll laugh at the end)
- STAGING YOUR TABLE: Your close up show will have a complete professional background
