

Genetic by Agustin - Video - DOWNLOAD

Show a single folded playing card and with a simple shake the card changes!

The visual color change is one of the strongest effect in card magic. It's great to perform as a stand-alone trick and can make your routines more powerful.

In this download, Agustin shares a color change that has developed through many performances.

The gimmick is fun to build and even more fun to perform, because it's easy and self-contained.

So if you want a visual and unique color change for your repertoire, get **Genetic** today.
