

Stitched Throw by Tyybe Master - Video - DOWNLOAD

Throw a single button at your pants, shirt or any piece of clothing and it immediately is found to be stitched onto the fabric!

It doesn't stick with magnets or sticky or glue but it's really stitched with thread from the inside, and can be tugged on and examined by your spectator.

- No magnets
- No elastics
- No sticky or glue
- Very visual and clean
- Practical, simple method and easy to do
- Fully examinable
