"The most powerful magic a magician can do"

- **Bennie Chickering**

"A beautiful piece of collaborative magic"

- **Jeremy Griffith**

"I did not expect that! Super powerful effect. I haven't been delightfully fooled in years. So dope!"

- **Chris Brown**

TELEPATHIC JOKERS is the simplest magician fooling effect you'll ever perform. No funny business, the spectator does all the work for you. The spectator shuffles up the deck and removes one of the jokers and puts it aside. The magician places a prediction under the joker; which was placed aside at first. With no switches and no forces after the deck is shuffled over & over, the prediction is met.

- Sleight of hand is not a requirement
- Easy to perform
- No switches are required
- No gimmicks or gaffs are required
- Unlimited possibilities
- Hands-Free; the spectator does all the work
- Works in any Language
