

Dejavu By Kenneth Costa - Video - DOWNLOAD

"It feels like real life and very visual. I love it!"

- **Esya Gumelar**

"That looks really good!"

- **Apollo Riego**

"Very good effect bro.. I watched the trailer... smooth restoration of the piece of card.. I love this effect, very nice job."

- **EbbyTones**

"The effect looks great and is very visual, it also seems to be totally clean. I like."

- **Alex Soza**

Dejavu is a very visual and impactful effect where you really rip a chunk out of your playing card and instantly restore it within seconds. As shown in the trailer, perfect for social media and zoom shows as well as live performances.

Easy to run and quick to build, video with detailed explanation.
