

## Let Change By Zaw Shinn - Video - DOWNLOAD

A wicked color change!

A spectator chooses any card from a red deck and signs it.

With a wave, the card vanishes in air. As it reappears, the card changes to a blue card.

Then the entire deck changes blue!

These effects look good both on social media and in real life! Perfect for street, close - up (perfect with table) or even on stage!

Easy to do.
