

Three Angel by Rowman Rowmiruz - Video - DOWNLOAD

Three Angel is very visual and looks like CGI. It's not CGI. It is something else that is really easy to control and perform without any practice!

Make the angels magically gather into one corner of the card.

Not only that the magician can return the angels back to their original positions.

Points to remember:

- Easy to perform
- Preparation explained in detail in video instruction
- Quick set up
- No elastic thread
- No magnet
- No flap

The difficulty level of the effect - easy
