

IGNIS by Sid T - Video - DOWNLOAD

IGNIS is a tool hidden in plain sight ready to be used at any moment.

Imagine what if you could show your hands completely empty then place a burning match inside your closed fist and change that match into any small object without doing any moves. **IGNIS** can be used as an impactful opener or a powerful closer to elevate the level of magic in your shows.

You'll be able to perform **IGNIS** from chaotic streets to the stage in front of hundreds of live audience members. There are no specific lighting conditions required, no clothing restrictions, no reel and you end completely clean. Everything can be examined.

You'll also get additional effects, full routines and scripting ideas for **IGNIS** in the 75 minute long in depth explanation video covering all the details and subtleties.
