

## **AiRBand by Arnel Renegado - Video - DOWNLOAD**

Produce a rubber band like Spider-Man right on your fingertips! Imagine showing your hand empty, then, with a simple rub or flick of your palm on the table, a rubber band magically appears.

- No string attached
- No magnet
- No thread
- No sticky stuff
- Perform it naked

Show your hands empty before and after the trick. You can even produce two or more rubber bands, and spectators can perform it themselves!
