
Orbit Christmas V3 - Pokerdeck

Our third annual Christmas deck is here! The **2023 Christmas Edition** features a family who is taking a freshly chopped tree home to decorate as a family.

The contrast of the parents working to strap the tree to the roof of the car while the kid sits with his dog to enjoy a sunset illustrates the magic of Christmas. Parents put in all the work to provide the experience for their kids to enjoy. Christmas is for the kids and with this deck it's for the adults too.

Merry Orbitmas to all!
