## Fulton's Funeral - Pokerdeck

*"The most important customer is the one who can't speak for themself."*  
- **Daniel Phillips**, Funeral Director.

Designed by Brad Fulton based on his love of vintage funeral homes, southern cemeteries, art deco, and more specifically -- the combination of them both. **Fulton's Funeral** incorporates a timeless design to last for eternity.

The black-stroked edges of the cards pay tribute to Victorian Mourning Stationary. The jokers feature art by Charles Allen Gilbert, 'All is Vanity"--a classic optical illusion and commentary on the human condition.

A deck like no other. Only from the Mind of Fulton.

Limited to 700 decks printed by the US Playing Card Co.
