
Victory by Joker and the Thief Playing Card Co. - Pokerdeck

For those who seek Victory, in any endeavour. Joker and the Thief presents a **limited edition deck** that is an homage to our founder James Milaras' family.

The name Victory is a direct tribute to the efforts of James' grandparents, who were Greek immigrants and owned and operated a fish and chips shop in Far North Queensland, Australia in the 80s through to the late 90s. The name of the shop was Victory and became an institution in the small port town of Cairns - known for quality food and customer service. Victory playing cards pays tribute in name to their immigrant spirit of hard work, of which we as a family are grateful to be inspired by and benefit from.

This deck is a limited edition run of 1,000 decks and features:

- Embossing
- Interior and Exterior Foil
- Letterpress Inks
- Svelte Smooth Finish
- Borderless Back Design
