
Fillide: A Sicilian Folk Tale V2 (Aria) by Jocu - Pokerdeck

Fillide playing cards were inspired by the Sicilian folk legend of the origins of the almond tree and tell a timeless tale of magic and heartbreak passed down for centuries

Fillide V1 was the first project from Jocu, and fresh for 2022 this new version of our classic deck improves vastly on the original whilst retaining the soul that helped us launch Jocu Playing Cards back in 2019

These cards don't just handle beautifully, they tell a story!

Available in three variants Acqua, Terra and Aria all featuring metallic inks and a beautifully foiled and embossed tuck.

Fillide V1 was Jocu's first custom deck of playing cards and won the award for Best Rookie Deck at the 2019 Deck of the Year Awards at United Cardists.
