
Essential Calendula - Pokerdeck

Essential: Calendula Standard Edition

A distant cousin of our beloved Hops & Barley, Essential is a classic deck of cards with an ornate botanical theme, playful colors and some hidden depths. For Essential we wanted to experiment a little, and some of its less obvious features are...

- Crushed olive dual-tone tuck box with interior gold foil. The inside of the box is made from a special paper stock with crushed olive residue
- Transparent foiling on the tuck in multiple layers to create the glass bottle effect on the fronts
- The first filled backgrounds on any Jocu court cards
