## **Hops & Barley (Belgian Blond) by JOCU - Pokerdeck**

A classic, slimline deck with vintage-style tuck boxes of which the paper is made from **actual beer by-products** such as the remaining hops, barley, yeast and even recycled beer mats and labels.

An homage to the ancient process of beer brewing, **Hops & Barley** is a classic deck of luxury playing cards for all beer aficionados.

This **Belgian Blond** variant has shiny metallic gold ink on the backs and a fresh new color scheme on the faces, along with a tall glass of Belgian Lager on the aces!
