
Alice in Wonderland by Kings Wild - Pokerdeck

Take a trip down the Rabbit Hole in the Wonderland with Alice and the wildly unusual and whimsical characters of the beloved story, 'Alice in Wonderland'. Each card is meticulously designed in exquisite detail. With intricate borders and colors throughout the deck. The standard edition of the Alice deck features Gold accents on the back design as well as the tuck case. This detail makes distinguishing the standard from the Limited and gilded decks even easier.

The jokers consist of a vertical diptych image of Alice (modeled after Jackson's daughter Scarlett), as she tumbles down the rabbit hole to find what awaits her in Wonderland.

The deck comes wrapped in a gold-foiled, 3D-embossed tuck case that embodies the same intricacy of the card designs.
