
ESCP_THIS 2021 Cardistry Cards by Cardistry Touch

The **ESCP_THIS 2021 Cardistry deck** is the 2nd installment of this series. Designed by Alex Matencio, it features a complex design inspired by tech-wear and sci-fi. Using futuristic graphics, intricate shapes and bold typography, we created a deck that stands out from all others, with an "underground" atmosphere. The strong contrasts between the dark backs and the bright faces make this deck perfect for cuts, and the diagonal stripes create beautiful fanning patterns with rhythms on the backs, and connections on the faces.
