## **Solokid Rainbow Dream (Purple Blue) by Solokid Playing Card Co. - Pokerdeck**

Rainbow themed playing cards is an essential arsenal in a cardists pocket. You don't need super flashy moves or skills to create a beautiful movement in the palm of your hand. The overall color scheme follows a bright, dreamy look, with marshmallow pink and blue to lighten up your emotions. With bleeding edges of colors, the deck allows you to spread the deck to showcase 4 different designs. The only limit is your imagination.

The **Rainbow Dream Playing Cards** is manufactured by Taiwan Playing Card Company with their legendary luxury stock.
