
Deal with the Devil (Cobalt Blue) UV by Darkside Playing Card Co - Pokerdeck

Deal with the Devil - UV Playing Cards is the debut project by Darkside Playing Cards Co. With previous work such as the popular 666 Decks, the artist @pnkmgc has been conveying demonic artworks and cultures through the canvas of playing cards.

- Blue hot foil stamp with precision embossing on the Pure black premium 300gsm matte finish tuck case.
- Inner tuck case with sophisticated blue hot foil stamp artwork.
- Limited to 2666 decks each with custom foiled seal.
- Cards printed by Taiwan Playing Card Company with their luxury paper stock.
- Tuck case made in the US by Gambler Warehouse.
- Every face card is printed with special UV ink with an illustrated hidden artwork.
- The Cobalt Blue Edition is printed in blue UV ink.
- The Court cards are all demons/devils, hidden within the UV ink.
- The Joker's true identity can be revealed by the UV light
- Every card in the deck has been dealt by the devil.
