
Limited Edition Memento Mori Holographic - Pokerdeck

Announcing the Limited Edition Memento Mori Holographic Playing Cards.

Limited Edition Memento Mori Holographic Playing Cards is a combination of the world's most popular deck with revolutionary advancements in printing and production technology. The bare "bones" of 3D creation and graphic art, the first steps of animation can be interpreted as the beginning of 'virtual' life... have jettisoned into the future.

A fully holographic deck (front, back...the entire card) makes the low poly skull radiate and shine. The light bounces off the holographic embossed tuck box, creating an lustrous glow.

The numbered seal establishes that you are one of the few that have this astounding limited deck. Limited to 3,000 decks. Will not be reprinted.
