## **Gilded Bicycle Circus Nostalgic - Pokerdeck**

The CIRCUS is coming... Relive childhood memories of attending the circus as a kid. The sights, the smells, the excitement! We tried to put all of that into this all-purpose deck, suitable for all of your playing card needs. A special full-bleed back design for the cardist. Extra gimmick cards for the magician. Easy to read for poker or your favorite playing card game. And being made as a limited one time print suitable for the discerning collector.

An unbranded version of this deck was released in 2019 and was one our fastest decks to sell out. Besides updating the tuck box we also updated the indices of the red face cards, so the value and suit would be matching red.

Please note gilding may wear off with regular use.
