
Jellyfish - Pokerdeck

Take a journey under the sea without ever getting wet!

Jellyfish Playing Cards bring the beauty, serenity, and peacefulness of the sea to your card table. Designed by Drew Hughes and produced by Penguin Magic, the Jellyfish deck has stunning custom artwork from top to bottom. The back is executed in multiple shades of blue and adorned with graceful, flowing jellyfish. The box carries this style even further, offering an amazing sense of depth.

The custom court cards bring a fanciful twist to familiar faces, turning all of the Jacks, Queens, and Kings into mer-people. Each of the number cards includes customized jellyfish suit pips. Even with the customization the cards are still highly playable.

In addition to being great for games, the **Jellyfish deck** is terrific for magic as well. We've enhanced the usefulness of the deck by including one standard Joker plus one 'reveal' Joker, as well as a double back card and a blank faced card.

The **Jellyfish decks** are made in the USA on Thin-Crushed stock with embossed Magic finish by the United States Playing Card Company. The cards are printed using vegetable-based inks and starch-based laminates on FSC-certified paper sourced from sustainable forests. This means the cards not only shuffle, fan, and spread perfectly for all of your favorite games & tricks, they're made with the environment in mind!
