## TABLE POCKET by JL Magic

The **Table Pocket** from JL Magic is a perfect accessory to your magic table when doing stand-up shows.

The **Table Pocket** allows you to keep your magic table clean while doing your performances. It clips on easily and holds a lot. Then folds up easily so you can place it inside your magic case while traveling.

The aluminum bar keeps the pocket open so nothing gets caught on the sides as you place items inside. And the aluminum hooks holds the pocket sturdily in place. The canvas cloth is heavy duty yet light weight.

Take your magic performance on the road and keep everything organized with The **Table Pocket**.

*Note: props and case not included.*
