
The Undressed Deck by Edi Rudo

A standard deck of playing cards in which all the cards have gone naked! By Edi Rudo and team.

In the **Undressed Deck**, you'll discover what the cards really look like under their fancy clothes!

We took all the cards from the **original Bicycle Card® design** and **ditched the clothing!**

We **re-designed** every King, Queen, Jack and Joker!

As a bonus card, we've added a fully dressed king and queen for magicians to unleash their creativity.

There's **nothing steamy about this deck**. It's intended for all ages and cultures.

The cards are printed by USPCC in the **USA** using sustainable **forest paper** and **vegetable-based inks**.

The linen finish and triple coating make these cards extra smooth and durable.
